Info

GENTLE MEDICINE – *The Healing Art in the Age of Aquarius* with its subtitle *The True Causes of Disease, Healing, and Health* addresses the **natural laws and correlations** affecting **illness and health** that **most are unfamiliar with**. Indeed, very few have even an inkling of them, because they are diametrically opposed to their previous knowledge and because they **have never been revealed before anywhere else**.

GENTLE MEDICINE creates a comprehensive awareness for a **new dimension in medicine**, a **medicine of the future**, that can already be a reality for everyone **today**.

After reading it, you will see the world with different eyes! You will be able to clearly recognize the correlations and **natural laws** of health and disease and be able to use them for yourself, in terms of achieving almost **absolute health**, because by nature human beings are destined **to be and stay mentally and physically fit and healthy for the long term – well into old age!**

GENTLE MEDICINE shows these **natural laws** in a clear and understandable manner. Based on selected **key issues of our time**, especially with regard to the **degenerative** and **chronic diseases** such as the tendency to infections (e.g. bronchitis, middle ear infections, tympanic effusion, tonsillitis, sinus infections, pneumonia, etc.), neurodermatitis, psoriasis, Lyme disease, allergies, hay fever, bronchial asthma, pregnancy ailments or complications, multiple sclerosis, ulcerative colitis, Crohn's disease, kidney failure, cardiovascular diseases, hearing loss, polyarthritis, rheumatism, lupus erythematosus, migraines, herniated disk, parasite infestation, hyperactivity, ADD, ADHD, epilepsy, absences, developmental delays, disabilities, autism, elective mutism, burnout syndrome, depression, psychoses, obsessive-compulsive disorders, aggressiveness and violence and many more, which are increasingly common even in early childhood, the possibilities of real **healing** (in the truest sense of the word) – but also **prevention** – are developed clearly and precisely and verified with impressive and convincing practical examples.

"How glad a healthy person should be if he could discover this knowledge before he gets sick."

Gottfried S., St. Georgen, Austria

You will never again believe that disease just happens by chance and that you can simply become ill because **everything has its meaning, its causes, and its inner logic!**

The Health Book of the Turn of Eras

DR. JOACHIM-F. GRÄTZ, CLASSICAL HOMEOPATHY

A positive book with lessons everyone should know, for themselves, their children, grandchildren, relatives, friends and acquaintances. Downright a **MUST** to survive in today's fast-paced world and stressed society.

Also highly recommended for therapists.
